artacent

WOUND

wound specific, dual-layer amniotic patch designed for ease-of-use

Q Code: **Q4169**

Artacent Wound® is a safe, natural biologic barrier that maintains the original powerful characteristics of amniotic tissue. The unique design of Artacent Wound allows for easy manipulation and repositioning, making it a flexible, dependable option for a variety of wound covering applications.

EASE-OF-USE: Can be placed on either side facing the wound, remains in place and doesn't require sutures.

REIMBURSABLE: Expert support to help you navigate the complex reimbursement process.

SAFE: Produced through Tides Medical's proprietary Artacleanse® process: strong enough to make a graft safe for implantation but gentle enough to maintain the natural biologic factors.

FLEXIBLE: Stores dry at room temperature with no need for refrigeration. Product remains safe and effective up to 5 years from date of manufacturing.

ARTACENT WOUND PART NUMBERS AND SIZES
